Existing modes like “Pro Evolution Soccer” and “Pro Clubs” are also enhanced with new features like line breaking technology and off-ball buildup situations. New features like “FIFA World League” allows the playing field to rotate to the vertical plane, allowing faster, more skilful, and more entertaining matches. “FIFA 22” introduces the all-new FUT (Fantasy Ultimate Team) mode, allowing players to build and manage a football fantasy squad, complete with players, kits, transfers, contracts, and tactics. FIFA 22 is currently available for PlayStation 4, Xbox One, Nintendo Switch, Windows PC, and mobile devices (iOS, Android). Online multiplayer modes The online multiplayer modes in FIFA 22 are similar to what fans have come to expect, and include online leagues, season-long mode, new challenges, and new modes. “FIFA World Cup” online leagues are played in two-game mode, three-game mode, and four-game mode, allowing players to compete against new and returning friends in official FUT matches. “FIFA Ultimate Team” (FUT) is back in FIFA 22 with a renewed emphasis on league play, and social growth. Players can now play with real-world footballers and the ultimate fantasy is now a reality. Four online leagues are available to compete in across all platforms, allowing players to progress through leagues and compete for glory. “Intra-city” matches let you play against the city you choose in FIFA 22, and “Inter-city” matches let you play against all cities in the game. Players compete against computer-controlled teams in official FUT matches, where the AI partners with players in real-world challenges and progress from league to league. New “Challenges” mode lets players create, play and compete in a range of challenges. The new “Win FUT” challenge mode lets players duel with friends or AI opponents in official FUT matches, where the winner is crowned as the top player of the world. “Home Stadiums” lets players take control of 16 iconic football stadiums and compete for glory against friends or AI teams. Players can also customise their stadiums with kits, new training facilities, and stadium brands. Offline

Experience the best FIFA has to offer, be it new social challenges, fresh maps, or in-depth leagues. The Park – The Park is a new FIFA Online 4 mode, where you can play FIFA with friends and other players as they take to the fields of a variety of settings. Players can participate in a different style of game in four different game modes. The Park is composed of four pillars of the game: the Pit, the Field, the Stadium, and the Field Office. We're excited to see what players make of these four different locations. We're currently in the final stages of constructing the Pit, with good progress on the Field, Stadium, and Field Office and we expect to begin working on all four components of The Park shortly. In The Pit, players take on roles from across the game: the Underdogs, Vets, Builders, Strategists, and Defensive Minders will engage in many different challenges and events. There's plenty to keep you interested as you compete in battles of skill and strategy, as you take on other players across The Pit to win rewards. In The Field, The Park features a variety of different challenges for players of all skill levels. And, with eight game modes, players of all levels will have plenty to keep them interested. In The Stadium, take control of your very own custom stadium and host your very own sporting events. Build your team, set your schedule, and manage your players' experience

What's new:

- **AI Updates: The gameplay AI is updated to make decision-making more similar to how a human player would act on the pitch, with better ball- and man-oriented decisions. More decisions have been made more humanlike for the 2nd Pass and 3rd Pass options. This comes with an increase in unpredictability.**
- **Neutral Battles: Avoid the long wait as now some of the top CPU teams will face off on the pitch with other EU/US**

-
- teams. This is just a beginning, stay tuned for more.**
- **Online seasons: Planned for the summer.**

FIFA is the world's greatest sports video game. It was created by EA Canada in 1987 and was the first video game to sell more than a million copies. FIFA is also the top-selling sports videogame of all time with more than 100 million copies sold worldwide. Who can play FIFA? FIFA has a "for everyone" design with a wide variety of gameplay modes and player attributes including speedy forwards, strong defenders, precise passers and crafty midfielders. The game has achieved a significant breakthrough in diversifying its gameplay by reaching a wider audience through accessibility features such as added voice chat in conjunction with improved AI gameplay on more than 50 different modes. LATEST NEWS: PlayStation 3 Version Delayed, Will Launch August 23rd FIFA can be enjoyed by everyone. Who are the opponents? Every year, EA SPORTS presents its most exciting lineup of national teams and brings their physical on-field challenges to life. As well, each year, EA SPORTS introduces new features to the game that enhance the playing experience, create a greater connection to the game's fan base, and introduce more realistic tactics and behaviours. FEATURES: New Features and Improvements The gameplay engine has been overhauled with new dribbling and tackling physics, which increase player creativity and make balls control and movement more natural and accurate. New Attacking System: Goalkeepers have been updated to create a greater sense of challenge and authenticity. All goalkeepers no longer just stand and passively deflect shots, but can read the play and make decisive decisions, taking advantage of the artificial intelligence of on-pitch reinforcements and netminders. New Refereeing System: Referees have been given more control, with the ability to have the complete control the ball during a free kick or throw-in. This is also the first year FIFA introduces the option to have referees sign autographs and pose for photos after matches. The new Pitch Kit System is a revolutionary feature, allowing players to customize the physical aspect of the pitch. The game's pitch is more detailed than ever before, with grass, sand and a fresh coat of paint. The Pitch Kit System also adds more options to the pitch, including whether the pitch is protected or not. New Player Modeling System: The greatest names in the game have been reimaged in an all-

new 3D model. New players have subtle nuances that bring their characters to life. Defenders see
